COMPENSATION PLAN TERMS & ADVANTAGES

QV: Qualification Volume. The amount of each product sale that counts toward qualifying for ViSalus Ranks.

BV: Bonus Volume. The amount of each product sale that counts toward bonuses and commissioning. In most cases ViSalus products offer "dollar for dollar BV." For example when you purchase a TSS weight loss program for \$125, its counts at \$125QV and \$125BV.

PQV: Personal Qualification Volume. Total QV from all personal and customer orders tied to your ViSalus Distributor ID.

GQV: Group Qualification Volume. Total QV of all sales volume generated within your team.

ROLLING QV: Any new Associate who starts on or after the 15th of the month will have all QV generated within the remainder of their first month roll forward into the next full month's production. BV commissions follow the normal monthly pay cycle.

LEVEL: All "Active" Associates count as a level for your Team Commissions.

UNILEVEL COMPRESSION: A "Level" compresses everything from one Active Associate and above to another Active Associate and above.

RANK PROMOTION: ViSalus Rank Promotions run DAILY.

GRACE PERIOD: When a new Rank of RD or above is achieved for the first time, the Associate will remain at least that Rank for two monthly production cycles.

60% RANK CRITERIA: No more than 60% of the total required Rank Qualification Volume (QV) can come out of any 1 leg. This is just for Rank promotion and qualification.

WAITING ROOM: All new personally Sponsored & Enrolled Associates will sit in a "Waiting Room" on Level 1 and can be repositioned within your team once anytime within 60 days of their enrollment date.
